

Jennifer Hayward
Program Director, Our Time After School Program, Moharimet

Jennifer (Jen) started at Growing Places as a Toddler Teacher in 2003. She also taught preschool for four years before becoming the Director of the Moharimet “Our Time” After School Program, where she continues to grow in her learning of teaching and commitment to children. Jen has an associate’s degree in Early Childhood Education.

Jennifer was recently married to John Hayward, and they live in a brand new home a friend built for them in 2008 located in Wakefield NH. They have two cats named Lily and Teddy, and are expecting their first child later this year.

Jen has strong family bonds, especially with her sister and husband, and Jon’s parents. She loves being with her family, hiking, fishing, scrapbooking, camping.

Jen appreciates Growing Places and the opportunities she has had to grow here as a professional. It is remarkable that Jen has been able to teach children as they were toddlers, preschoolers, and now attend the afterschool program she directs.
